

SHELBY MARLER

Shelby Marler is a grade 12 student at Lindsay Thurber Comprehensive High School, who has studied music for over ten years first starting with piano and six years with the French horn in school band. Her passion for music has driven her to organize this benefit concert, not only to help raise money to support Albertan musicians, but also to bring together talent that exemplifies the hard work, dedication and passion of the community for music. AMEF's inspiring vision and mission statements online have encouraged Shelby to choose them as the recipients for the funds from the benefit concert.
